Check out the following: <http://www.youtube.com/watch?v=3Hcl6I3tyaA>

As we pass through the middle of winter, the days are getting longer and the sun is becoming warmer. We start to think about spring activities and readying ourselves for the 2010 boating season. The Chapter has been planning some great activities as our boats slumber.

A number of the Madison Chapter members assisted Andy McCormick this Fall/Winter in the restoration of a late 1960s Century Resorter (see article). This included repairing ribs and installing a 5200 bottom. These types of projects help build a strong classic boating community and instill confidence for those who are unsure if they can tackle such a restoration project. As a Chapter, chronicling these activities is important.

Some lively discussions were had at the breakfast meeting in January. The dialogue included getting the Chapter back to basics by planning a one-day boating/picnic event at a member's home. Gayle & Rob Ritter graciously volunteered to play host on Okauchee Lake (watch for details). There was also some discussion on the merits of applying for Limited Liability Corporation (LLC) status for the Chapter. This status would allow our organization to protect members should a liability issue arise. It was decided that Vice-Commodore Schneiberg would explore this issue and apply for the LLC if appropriate. Stay tuned.

The GLCBS had an excellent presence at the Milwaukee Boat Show in January. This was a good outreach event for the Chapter and will hopefully result in more individuals becoming members. Thanks to all who donated their time and/or provided their boats for the show!

Planning efforts have been underway for the various shows sponsored by the GLACBS. This includes annual events in Eagle River, Madison, and Pewaukee. Please review the dates for all these shows and consider attending (all great fun). I have also been in discussion with George Plamondon (ACBS Black Hawk President) regarding a Chicago River trip in late June or early July. Further details to follow.

The annual spring kickoff dinner has been scheduled for April 16 at Highway Harry's in Johnson Creek. This is a fun event to start the boating season and was well attended last year. Hope all can place this on their calendar.

The power of our Chapter is derived from all the efforts of our members. Without these combined efforts, we wouldn't be the fastest growing chapter in the ACBS. Let's keep up the momentum in 2010 and have a lot of fun as we continue to build on our success.

Think Spring!

Milwaukee Boat Show at State Fair Park January 15-24 2010

The Milwaukee Boat Show was a great event for Glacier Lake members to talk about old boats. Hopefully it sparked some new interest in our hobby and new members will join up. A special thank you for Glacier Lakes members bringing their boats and motors: David Dolye...Johnson 5.5HP outboard, Brian Brady (New member)...1950 Chris Craft 18ft Riveria, Tom Godar(New Member)...1956 Chris Craft, Andy McCormick-all the way from Madison...1960 Shepherd 22ft runabout, John Baumann...1921 Old Town Canoe 17ft canvas, Walter Wilde...1948 Thompson 14ft w/ 1948 Mercurary KE-4 7.5HP, Mark Walters...1951 Mecury Model KG-7 Hurricane outboard, Walter Wilde.....1952 Chris Craft 5.5HP outboard,Dave Doyle...1957 Switzer Craft 15ft Shooting Star, Frank and Helen Petran....1949 Globe 14ft Mastercraft w/ 45HP 4cyl Gray Marine, Frank and Helen Petran...Acadia 1915 2 cycle 5HP gas engine, Frank and Helen Petran...Gray 1911 gas engine 4.5HP R Model, Frank and Helen Petran...Gray 1911 2 cycle single cyl 3.5HP gas engine U Model.

THANK YOU TO OUR VOLUNTEERS

John Baumann, Jay Wagner, John Constable, Howard and Donna Schneider, Rick Malle', Jeff and Linda Allen, Walter Wilde, Frank and Helen Petran, Brian Sims, Jack Schnieberg, Ken Bourgeois, Tom Forecki, Dave Doyle, Mark and Mary Willis, Mike and Kathy Gingrass, Bob and Ann Kuntzsch, Ed Eisenmenger, Wayne and Liz Yankala, Karl Johns, Sue Schroeder, Brian Brady, Gary Rechcygl, Jeff Spence, Jayne Arndt, Wil and Mary Vidal

Andy McCormick's WINTER PROJECT

By Cyndi McCormick

It's been said, the vintage runabout represents an era of "lost craftsmanship"...I beg to differ. With a little guidance from Don Danenberg's book, "The Complete Wooden Runabout Restoration Guide", Andy McCormick was inspired by Don's insight & experience and tackled restoring the bottom of a 1968 Century Resorter over the winter. Rallying together the help of some friends, they rolled over the wooden hull in early October of 2009.

Here is a little background. This was the very last year Century manufactured "wood" boats. It's a fun, fast little boat being that it's only 15' long with a Chrysler 318 engine. We bought the boat from a widow in Minocqua, WI who was selling all her husbands past toys. The boat's interior had just been replaced prior to putting it into storage over eight years ago.

Our garage became the dusty hang-out of the winter for socializing, entertainment, and camaraderie. Andy incorporated his own wood working skills & craftsmanship replacing the old single planked bottom with a new 5200 double bottom. The old, original planks were saved for patterns only! Replacing each bottom plank with all new mahogany wood, purchased from where else..."McCormick Lumber", located in Madison, Wisconsin.

Andy applied the 3M-5200 to all the surfaces of the frame, so that there would be no voids to later trap & hold water. Being that the boat is less than 20', he used 1/8" Okoume marine plywood (also available at McCormick Lumber). For boats over 20', it is recommended to use 1/4" marine plywood. Once the plywood was laid he tacked it into place with stainless steel staples held just tight enough to be evenly embedded to the frames...since they will soon be applying a couple thousand screws into it to secure the new planks!

Andy and his crew also sealed the plywood with CPES (clear penetrating epoxy sealer), which essentially glues the wood fibers together to make the surface stronger for the bedding compound application.

Here the guys are installing the new mahogany planks that were earlier all dry-fitted before installing. Dry fitting each plank was where Andy's true craftsmanship shined through! Again they are applying the 3M-5200 with a caulk gun and then evenly spreading it with a trowel being sure to eliminate any voids under each plank.

CONTINUED ON NEXT PAGE

TEAMWORK is required to get all the fasteners installed before the 5200 rubber can set. This boat required over 2,000 new silicon bronze screws! You never want to reuse the old brass screws, as they may have become stressed & weak over the past 40+ years.

Once both sides were completed, they watered down the new planks and covered it with plastic to hold in the moisture over-night. This will cause the wood to expand a bit, oozing the rubber out between each board, creating a water-tight seal. The hard part is now finished....other than filling each & every screw hole....that's over 2,000 screw holes, may I add!

After the screw holes have been filled & dried, the bottom planks were all sanded down to form a smooth & even bottom. Once again, the wood was sealed with CPES and allowed to cure, before applying the epoxy primer coats and finally two coats of the bottom paint. It's now February 2010, and the boat is back in its upright position. Its engine, upholstery, and chrome parts have all been re-installed, and the boat is ready to go.... ..once spring arrives and melts away our ice covered lakes!

This boat will not only look pretty, but we will no longer have to hope the boat's battery can keep up with the bilge pump running....we now have a new 5200 Bottom!!!!

Andy, I am so proud of you in a "JOB WELL DONE"!!! And a special thank you to Mark Walters, Mark Baumeister, Mike Lizon, Red Luther, Chuck Deadman, Glen Shubert, Steve Krause, and Steve Bethke for helping Andy with this project.

5th Annual, Madison Area Antique & Classic Boat Show August 6-7th, 2010

You are invited to take part in the fourth annual, Madison area Antique & Classic Boat Show. The renowned Christy's Landing Restaurant will be the site for the show on Friday and Saturday, August 6th-7th. This location is simply outstanding for the public to view these beautiful boats on Saturday. On Friday we will be hosting a tour of the Madison chain of lakes; including Lake Waubesa, Lake Monona, & Lake Mendota (weather permitting). The tour will break for lunch at the Elks Club Lodge on Lake Monona and will also include a stop at the Governor's Mansion on Lake Mendota (great photo opportunity).

One of the most important aspects of this show is that nearly all of the proceeds will go to Madison's Multiple Sclerosis Society. Last year we donated \$3,000 to MS. Our goal for 2010 is to raise over \$3,500 by selling 50/50 raffle tickets, acquiring donations from the public and area vendors, and offering some unique items for sale in the form of a Silent Auction the day of the show.

Awards will be given in several categories including the Best Chris Craft, Best Century, Best Inboard Motor Boat, Best Outboard Motor Boat, Best Non-Motorized Boat, Best Fiberglass Classic, and of course the "Best of Show". Along with the public selecting the People's Choice Award Boat.

Please return your Registration Form soon, as we are limited to approximately 40 boat slips (entries accepted on a first serve basis). Also please include a brief history of your boat and a photograph (e-mail preferred) to enhance our Boat Show Program Booklet, which will feature all the show participant's boats.

The enclosed Schedule of Events and Registration Form should help answer your questions. Should you need additional information, please feel free to contact Mark Walters or Andy McCormick via e-mail or telephone (see below). Should you desire lodging, we've listed local hotels on the enclosed map.

Thank you in advance for your interest and involvement. We look forward to seeing you there!

RENDEZVOUS at MUSKOKA

by Wil and Mary Vidal

Ted and Cindy Cartner won "Best Cruiser" at the ACBS International Boat Show in Muskoka, Canada. It is a 1951 27ft Chris Craft Semi-Enclosed 27ft cruiser named "Chrysalis". Ted and Cindy do all the restorations on their boats themselves, including the engines.

Mary and I attended the 34th Annual ACBS Meeting & 8th Annual International Boat Show in Muskoka, Canada September 23-26, 2009. Because we did the boat house tour a number of years ago, he had decided not to do it this time. In hind sight, we wished we would have done the pre-event activities that included the boat house tour. Unlike the states, you can build wet boathouses in Canada. Some of these boat houses are 7,000 sq ft. We flew into Toronto and drove north to Muskoka, which is about 90 minutes north. If you were watching any of the Olympics, you can get an idea how beautiful Canada is. Muskoka is an absolutely beautiful area. Put Canadian boats into the equation and it doesn't get much better, assuming you like old wood boats. Ted and Cindy Cartner, members of Blackhawk and Glacier Lakes took their beautiful 1951 27ft Chris Craft Semi-Enclosed 27ft cruiser, "Chrysalis". to the event. Accompanying them on the 1,400 mile round trip from Illinois was Andy Ievins and his friend, Judy Vliet.

Judy Vliet, Andy Ievins, Wil and Mary Vidal and Ted & Cindy Cartner.

6th Annual Eagle River Antique & Classic Boat Show

June 18-20, 2010/ 9AM-5PM

As John Dillinger and Al Capone needed a getaway from the hustle and bustle of the pressures of G-Men and the IRS, you will also want to take advantage of some of that R&R. You are invited to take part in the 6th Annual Eagle River event for owners of antique and classic wooden boats! The famous Eagle River chain of 28 lakes will be the site for the show scheduled for June 18, 19 and 20, 2010. It's the perfect secret getaway that Babby Face Nelson and Homer Van Meter would have loved. The event will be held on the grounds of the Wild Eagle Lodge on Duck and Lynx Lakes. The location is unique and simply outstanding for the public "enemies" type and boat owners. **You'll want to dig out some attire from the Prohibition flapper era.** Newer docks, beautiful grounds and special activities, including a special exhibitor rate for those who wish to stay on the grounds, are available. Only tell your friends, their friends and their closest friends. We don't want any J. Edgar Hoover or Melvin Purvis types

to cause trouble, unless they just want to have fun. There is ample free parking, free storage for trailers and assisted launching at the Wild Eagle Lodge. **Most important is the fact that all proceeds from this event will go to the area's Special Athletes.**

Plans again this year include an all day Friday tour of the Chain of Lakes with "pit stops" along the way for breaks and lunch. You may be asked to be part of the advance group to look out for lawman traps along the way. Friday evening we will have a lakeside (TBA) dinner just for you and your gang members. Public viewing will take place on Saturday from 9AM-5PM with an optional afternoon boat tour. Dinner, entertainment and socialization will follow at the Boondockers Lounge at the Wild Eagle Lodge. Awards for boats in several categories include a "popular selection" by the public, "owners' selections" for best Chris Craft (two or more divisions), best non-Chris Craft (two or more divisions), best outboard motor boat, best non-motor boat, and best of show.

Please return your application as soon as possible as slips and display locations will be assigned as completed forms are obtained. If you wish, include a brief history of your boat. If you need any additional information, please feel free to contact Jo Daniel.

COME BACK TO MICHIGAN

The Water Wonderland Chapter of ACBS is the host chapter for the 35th Annual ACBS Meeting and the 9th Annual Boat Show at Bay Harbor Resort in Petosky, Michigan.

It promises to be a spectacular event. Since so many of the antique and classic boats were originally made in Michigan, including Chris Craft, Hacker, Garwood, and Century, The Water Wonderland Chapter is looking forward to seeing a wide variety of boats in all classes, types and makes on display. They also hope to have many boats registered representing the numerous Marque Clubs associated with ACBS. Because the location of this years' show is so accessible by highway or water, it has been indicated that there may be some Lyman Boat owners bringing their vessels from the Lake Erie Central Basin by water. The pre event plans will mirror MAC 2000 that ACBS attendees still talk about today. The Water Wonderland Chapter wants to welcome all of you to Bay Harbor in September 2010.

Bay Harbor Resort will be hosting the main events for ACBS including the in-water boat show which will draw thousands of patrons on September 17 and 18. Bay Harbor will also be assisting the group in visiting the surrounding areas during "pre-events" which take place September 12 - 14 and optional tours for members during the entire week.

Make your plans, bring your boat and register EARLY for this International Boating Event. The complete detail on the pre-event activities, ACBS meeting and boat show will be in the spring issue of the Rudder. You can go to The Bay Harbor Resort website for more information: www.bayharbor2010.com

Out Going Glacier Lakes Officers thanked for their Efforts

Mark Walters recognizes John Baumann for his efforts

At the Breakfast meeting held at Old Country Buffet, Sunday January 10, Commodore Mark Walters thanked Dave Doyle for his Director contributions and John Baumann outgoing Commodore.

Not present was Dawn Lotz for her service as a Glacier Lakes Director.

Special thanks to these Glacier Lakes individuals for serving the Chapter.

International ACBS Annual meeting and International Boat Show is coming to Lake Geneva, WI. September 20-24, 2011

In 1931, Garfield Wood drove this wooden racer down Indian Creek in Miami, setting a new world record of 102.256 miles per hour. See it at The ACBS International Boat Show at Lake Geneva, 2011

George Plamondon, President of Blackhawk Chapter recently announced that the first boat registered for the International ACBS Annual meeting and Boat Show at Lake Geneva, WI, September 20-24, 2011 is Miss America IX. Charles Mistele of Chapin, SC, owns Miss America IX.

In 1931, Garfield Wood drove this wooden racer down Indian Creek in Miami, setting a new world record of 102.256 miles per hour.

“Of the boats that raced in the Harmsworth races before World War II, there are only four in existence, and this boat is the most famous of those four,” according to the present owner, Charles Mistele.

Go on the web site www.missamericaix.com and learn more about Gar Wood and view actual footage and interviews. Then mark your calendar to attend the Lake

Geneva ACBS Annual meeting and boat Show. It’s going to be a “WOW” Event.

As George exclaimed, “Quite a boat for our first registration.... the news is out and traveling fast”

Larry Larkin held a planning meeting at his home on Saturday February 20, 2010 for The ACBS Annual Meeting and International Boat Show in 2011. Those present included: Bill Bickford, Ted Cartner, Larry Larkin, John Constable, Wil Vidal, Matt Byrne, Al Bosworth, Mark Svoboda, John Baumann and Larry Lange. George Plamondon was on speakerphone from Mexico. Others on the committee but not present are Mark Walters and Jack Schneiberg.

A WOW agenda is being planned including a pre-event Chicago River Cruise, a welcoming cocktail party hosted by George Plamondon at his beautiful apartment located at 800 Michigan Avenue (across from Chicago’s

historic water tower) and the touring of some of the most palatial estates on Lake Geneva. This will be a once in a lifetime opportunity. This is just a small part of what is happening.

Glacier Lakes asked to help partner this event in supplying volunteers and funds to help make this one of the grandest ACBS meetings and extravaganza in North America. Blackhawk helped co-sponsor the ACBS quarterly meeting in Milwaukee in 2008.

America's most-loved Boat Insurance

JAN 16-25, 2009 able now, but 25 years ago when we needed a comprehensive insurance policy on our own vintage wooden boat, we couldn't find one. As insurance agents and wooden boat enthusiasts, we saw this as an opportunity. So we put our heads together and developed a product — and a company — built around the hobby we love. Twenty-five years later, we still love wooden boats and the people who share our passion. Thank you for your on-going support."
